Figure 1 is a scatter plot with the X-axis labeled 'Number of children' ranging from 0 to 10, and the Y-axis labeled 'Number of children who are not in school' ranging from 0 to 10. The data points are plotted at integer intervals from (0,0) to (10,10). A solid line represents the identity function  $y=x$ , and a dashed line represents the function  $y=x/2$ .
