Figure 1 is a scatter plot with the X-axis labeled 'Number of children in the household' ranging from 0 to 10, and the Y-axis labeled 'Number of children in the neighborhood' ranging from 0 to 10. The data points are plotted at integer intervals from (0,0) to (10,10). A solid line represents the identity function $y=x$, and a dashed line represents the function $y=0.5x$.
